

CR 2628

28 UNITS RACK CABINET

Description CR 2600 series rack cabinets are designed to hold all RCF 19" rack standard components. The rack enclosures are bake-painted at high temperature using epoxy powders to make the structure unalterable over time and resistant to scratching, abrasion, and atmospheric agents. The CR 2600 series cabinets are composed of a basic structure that is assembled simply and quickly by fitting and securing four steel uprights to the upper and lower panels. Additional front doors with glass can complete the cabinet.

- Features**
- › IEC 297-2 dimensional standard compliant
 - › Steel made structure grey RAL 7035
 - › Protection grade IP 30
 - › Three thermostat driven fans
 - › Optional ventilated door: AK 2628V

Part Number 17170081 CR 2628
