

CR 2615FV

ARMOIRE RACK 15 UNITES STANDAR 19"

Description

La baie intègre un système de ventilation contrôlé par thermostat. Deux ventilateurs montés sur le panneau supérieur extraient l'air chaud quand la température interne de la baie dépasse le seuil imposé

Caractéristiques

- › Constructed in compliance with the IEC 297-2 dimensional standard
- › The structure is made of steel painted RAL 7035 light grey
- › The protection level is IP 30
- › The lower door and side panels are fitted following the wiring operations to facilitate the insertion and connection of the components
- › The earthing of the rack complies with current safety regulations
- › Front doors are also available, which are useful for to protect the components installed in the rack
- › 4 wheels, two of which are swivel wheels with pedal lever braking system
- › 3 blowers turn on due to the activation command of a thermostat included
